

PRIVATE PORTFOLIO – PROPOSAL FORM

Thank you for considering Hollard as your insurer. There are a number of questions in this proposal form that involve making a choice – please select the appropriate option, as there is no standard option to which we default should you fail to make a choice. For example, extending the basic cover by paying more premium, electing to pay voluntary excesses, noting the regular driver, etc. These decisions may have unintended consequences and we therefore request that you always seek advice from your broker so that you can get the cover that best suits your needs.

Please complete the Motorcycle section if cover is required for golf carts, quad-bikes, motorised lawnmowers and three-wheeled vehicles.

Important information on the sum insureds for motor vehicles and motorcycles

Retail value: All vehicles are automatically insured for their retail value. This is the value from the Auto Dealer's Guide published by TransUnion, or similar publication approved us. It is the price most dealers would be prepared to sell your vehicle for, based on its mileage and condition. The retail value of your vehicle may include the value of some factory-fitted accessories, but there may be some factory-fitted accessories that aren't included in the retail value. If you want cover for these accessories you must insure them separately. Similarly, any accessories which are fitted after the production of the vehicle must also be insured separately.

Agreed value: We only insure vehicles for an agreed value if the vehicle's value is not available on our database of vehicles, or if it is older than 20 years. If we insure your vehicle for an agreed value, then you must give us proof of its value at the start of your cover and every year thereafter, to make sure we cover your vehicle for its latest value. We will accept a valuation certificate from a new vehicle dealership, or your motor club, as proof of the latest value.

LIABILITY TO THIRD PARTIES

Note that your chosen limit of liability will apply to all motor vehicles, motorcycles, caravans and trailers.

This limit does not apply to golf carts, quad-bikes, motorised lawnmowers and three-wheeled vehicles – the limit for these vehicles is R1 000 000.

YOUR PRIVACY

In order to provide you with insurance, we have to process your personal information. We will share your personal information with other insurers, industry bodies, credit agencies and service providers. This includes information about your insurance, claims and premium payments. We do this to provide insurance services, prevent fraud, assess claims and conduct surveys. We will treat your personal information with caution and have put reasonable security measures in place to protect it. By signing the declaration, you agree to the processing and sharing of your personal information.

YOUR INSURANCE RISK SCORE

Do you give Hollard permission to check your insurance risk score YES NO

If YES, we may do this check every year when your policy renews, every time the cover on your policy changes and also when you claim. The reason we check your insurance risk score with credit agencies, is to accurately price your policy and assess our risk. It is not the same score as a credit score which a lender would typically be interested in, and checking your insurance risk score will not affect your credit score.
