Specific conditions applicable to the quotation

Burglar Alarm Warranty

It is a condition precedent to the liability of the Company that a burglar alarm system will be installed at the premises stated in the Schedule and warranted that:

1. the burglar alarm installed at the premises shall:
 - 1.1 protect all insured battery(ies) and inverter(s);
 - 1.2 be extended to protect all insured solar panels which are externally fitted by means of beams and/or sensors;
 - 1.3 be fully activated whenever the premises is not open for normal business unless any principal, partner, director or employee is in the premises;
2. the insurance shall not cover loss of or damage to property following the use of keys, the keypad code or remote control of the burglar alarm or any duplicate thereof belonging to the Insured unless such keys, keypad code or remote control were obtained by theft.

Unless specifically stated to the contrary, all premises shall be protected by such alarm and it is further warranted that:

3. the contract for any burglar alarm services shall include services of a 24-hour armed response unit;
4. the control panel shall have an event log and the arming and disarming of the alarm shall be logged and after the occurrence of a claim the Company will be entitled to request full information of the relevant log;
5. such alarm will be maintained in proper working order, but the Insured shall be deemed to have discharged their liability if they have maintained their obligations under a maintenance contract with the installation/service company of the alarm system;

PROVIDED THAT:

cover will continue to be applicable whilst the alarm system is not operative due to a failure of the public supply of electricity at the terminal ends of the supply authority's service feeders and that such failure is not due to any act or omission of the Insured.

Solar power system warranty

It is a condition precedent to the Company's liability, and it is warranted that the solar power system, battery or inverter installed on the insured premises must comply with the following requirements:

1. the solar power system, battery or inverter must be installed by an accredited electrical contractor as recognised by the Department of Labour;
2. installation must be accompanied by and comply with:
 - 2.1 a valid Electrical Certificate of Compliance (CoC);
 - 2.2 the latest edition of SANS 10142-1 (Wiring);
 - 2.3 NRS 097-2-1 (utility interface/inverter);
 - 2.4 any other regulatory requirements (where applicable);
 - 2.5 relevant municipal by-laws;
3. the solar power system, battery or inverter must be regularly maintained and kept in good working order;
4. the Insured's staff must be educated and trained in the operation of such solar power system, battery or inverter installed on the insured premises;
5. all bushes, grass, weeds and other flammables within a 5m (five metre) radius of the solar power system must be cleared and regularly maintained;
6. the installation of the solar power system must include an evaluation on the suitability of the roof to carry the additional weight of the solar power system being installed.

SHARING OF INSURANCE INFORMATION

We acknowledge that the sharing of insurance information for underwriting and claims purposes (including credit information) between insurers is in the public interest as it enables insurers to underwrite policies and assess risks fairly and to reduce the incidence of fraudulent claims with a view to limiting premiums.

On our behalf and on the behalf of any person we represent herein, we hereby waive our rights to privacy with regard to underwriting or claims information (including credit information) that we provide or that is provided by another person on our behalf in respect of any insurance policy or claim made or lodged by me.

We acknowledge that the insurance information provided by us may be stored in the shared database and used as set out above as well as for any decision pertaining to the continuance of our policy or the meeting of any claims we may submit.

We consent to such information being disclosed to any other insurance company or its agent.

We acknowledge that the information may be verified against legally recognised sources or databases.

We agree that this proposal shall be the basis of the contract between the insurer and ourselves.

We will accept the insurer's standard policy.

We understand that this insurance will not commence until this proposal has been accepted by the insurer.

If you are unable to sign this declaration without qualification, please give your reasons here:

We declare that to the best of our knowledge/belief, the statements and particulars given in this form are true and complete and that no material facts that are likely to influence the acceptance and assessment of your insurance have been withheld. (If you are in any doubt as to whether a fact is material, you should disclose it.)

This means that The Hollard Insurance Company Ltd has been made aware of all important information and that any incorrect information may mean that the policy will be cancelled or voided, and any claim submitted to us would then not be dealt with.

PROTECTION OF PERSONAL INFORMATION

In order to provide you with insurance, we have to process your personal information. We will share your personal information with other insurers, industry bodies, credit agencies and service providers. This includes information about your insurance, claims and premium payments. We do this to provide insurance services, prevent fraud, assess claims and conduct surveys. We will treat your personal information with caution and have put reasonable security measures in place to protect it. By signing this application for insurance, you agree to the processing and sharing of your personal information.
